

ACDelco

VOYAGER & VOYAGER II MARINE/RV BATTERIES

The ACDelco Voyager Battery is built to last in your boat, personal watercraft, motor home or RV with features like thermoplastic reinforced plates for protection against shorting and corrosion-resistant lead/calcium alloy to help optimize cycle life. ACDelco offers the original Professional Voyager series battery as well as the Voyager II series for an economical alternative.

PROFESSIONAL VOYAGER BATTERIES

Professional Series: Manufactured using premium metal alloys & chemicals to help optimize deep cycling durability.

Lead-Acid and AGM Models: Available in lead-acid and AGM designs to meet most deep cycle applications.

Charge Eye: Provides quick at a glance state of charge monitoring on most deep-cycle batteries.

SKU# M27MF

Refer to ACDelco's electronic catalog for the most up-to-date applications and complete list of parts.

FEATURES & BENEFITS

- 100% pressure tested to help avoid future leaks and for added strength and rigidity.
- Thermoplastic reinforced plates help increase protection against plate shorting to maximize durability.
- Built-in "Green Eye" hydrometer on most deep-cycle batteries (refer to chart at right).
- Both positive and negative grids are lead/calcium alloy to maximize corrosion resistance, optimize cycle life and to help reduce water consumption.
- Integrated handle in case.

WARRANTY

ACDelco Professional Voyager batteries offer an 18 month free-replacement limited warranty (except M24AGM which is 24 months). To the original purchaser. Parts only; installation not included. See your local retailer or independent service center that offers ACDelco parts for details.
